Recently released features and upcoming ILLiad development plans

ILLiad in Focus: Q3

ATLAS SYSTEMS
Library Excellence Through Efficiency
New members of the ILLiad Community

- Suffolk University
- Creighton University
- Utah Valley University
- Mount St. Mary College
- University of South Carolina Law Library
- University of Vermont Dana Medical Library
Welcome to the Atlas Systems UserVoice site. Here you can provide ideas and suggestions for features you would like to see in future versions of our products. You can also provide feedback on the ideas others have already submitted.

Your feedback is incredibly valuable and by providing it to us here you will be directly influencing our development priorities and helping to determine the future of the applications you use every day!

Request Forms
Integration Updates
Recent Releases

- July Alma Release: Can now look up & create ILLiad user records
- MLA added EFTS custom pricing groups to support $0 billing charges from ILLiad
- Workflows for automation with Direct Request and the Automated Request Manager
Project ReShare Integration
ILLiad 9.2 Features
Functionality Removed from CCC API

**Request Form**
- Special orders won’t show availability, nor can special orders be placed
- Orders can't be cancelled
- Order status updates have been removed and can no longer be looked up on the request form

**CCC Lookup Interface**
- Lookups can only be done by ISBN & ISBN (title & publisher are no longer supported searches)
- Results are no longer broken down by rightsholder with a nested list of multiple options
- If there are multiple results in the bottom grid, the Date field should be what differentiates them

Integration Updates

- OCLC Web Service Update
- DOCLINE Scripts Update
- CCC API Updates
- ILLiad API Enhancements
Integrated SAML Setup with Single Sign-On Support

- Built-in options for ILLiad patrons to authenticate with SAML providers
- No longer need 3rd party authentication methods (e.g., Shibboleth, CAS, EZproxy)
- Allow sites to pull in extra information through the Authentication Enhancements & User Creation released in v9.1
Chromium/Edge Enhancements
See you at Access Services in November!
